To whom it may concern,

I would like to personally recommend the Mallard Group for their outstanding performance on a recent graphic install that they executed on behalf of our company. It was very complicated and like most installs, had unforeseen issues that Mallard very professionally resolved.

Our client was very happy with the end results. Both timing , attitude and pricing were outstanding, and we were able to recommend Mallard to the rest of our company and clients as a “preferred vendor” of choice for our operation in the NorthWest.

Sincerely

Daren Brayson  
Director of Operations NW
