To Whom It May Concern:

I am writing to communicate my enthusiasm for the work of The Mallard Group, who I worked with on a graphic & fixture installation in 2008.

I highly recommend their work to anyone considering working with them. I found them to be extremely professional, thorough, dependable, and fun. My account was extremely pleased with the results, not to mention all of their interactions with The Mallard Group.

I look forward to working with them in the future.

Sincerely,

Brook Shinsky | Visual Merchandising Coordinator
